

Kazzi draws its inspiration from the Greek island of Kastellorizo ("Kazzi").

Kazzi's Australian links are significant, with many among Australia's first Greek immigrants hailing from this secluded Hellenic hideaway. The last 'rock' in the Dodecanese island group has a rich history of traditional Greek fare. Kazzi Beach Greek is the very kind of street style Mediterranean offerings found along the blue shores of the Aegean.

Kazzi offers simple dishes, rich in the Mediterranean styled diet based upon the freshest of produce, healthy style cooking & of course Kazzi inspired marinades, herbs and spices. Once you enjoy the delights of Kazzi Beach Greek you too will become a 'Kazzi' as is traditional of the welcoming nature of our Greek island origins.
